TYPHOID FEVER IN SCOTLAND; 227 STRICKEN

ABERDEEN, Scotland (AP)—A typhoid outbreak in this city of 186,000 struck another 37 persons today after officials had voiced hope the epidemic was leveling off.

A total of 227 persons is in hospitals—197 of them confirmed typhoid cases and the others suspected victims.

City health officials said the epidemic appeared to have sprung from a supermarket meat slicer. But a Town Council meeting heard a suggestion that it may have been attributable to what one official called a deterioration of hygiene in the city's public lavatories because of the recent withdrawal of attendants. Health officials said they would investigate.

Fears the outbreak had spread to the British navy were quelled.

A cook and seaman from the submarine Rorqual were hospitalized in Glasgow as typhoid suspects but the navy reported the two sailors were suffering from gastroenteritis, an intestinal inflammation.

Schools have closed and social life is suspended in Aberdeen. One woman has died of typhoid thus far.

The fact that only 10 suspected cases were reported hospitalized Sunday had raised official hopes. This was the smallest daily admission since the epidemic flared 10 days ago.

"We do not have to live in the past to understand the past. We can have all the modern conveniences and still have the same traditions and the same ideals. The goal of living for your country and your fellow man is as new as every day."

## "TERRIBLE THING"

"I have been disturbed by the vandalism reported on the battlefield. This is a terrible thing, for it shows that there are people who do not appreciate the past. It can be assumed that young men have caused this destruction of a tribute to the men, as young as they, who gave their lives for their ideals."

"We need to make clear to all the value of that for which our ancestors died. We need to strive that all might understand that we honor these heroic dead not by merely waving a flag—but by good, patriotic, Christian lives."

## "WITHIN YOUR HEART"

When you go in search of glory . . . or the joys that count the most . . . there is little need to journey . . . far and wide from coast to coast . . . some folks seek the rainbow's ending . . . looking for a pot of gold . . . others try to buy the gladness . . . that cannot be bought or sold . . . I suppose they fail to realize . . . perhaps they don't understand . . . all the joys that are worth having . . . are so very close at hand . . . mother's love and deep devotion . . . wives and children we hold dear . . . these are the priceless treasures . . . lingering so very near . . . so it is folks overlook them . . . and it's sad to say the least . . . for the world is in our keeping . . . with such love on which to feast . . . when you go in quest of glory . . . think before you make your start . . . you will have to search no longer . . . if you look within your heart.

car, they saw the Brines boy riding toward them in their lane of the highway.

## WAS STUDENT HERE

Lingg swerved his car to the left, told police, into the northbound lane of traffic in an attempt to avoid the boy on the bicycle. The Brines boy, apparently realizing he was in the wrong lane, also swung to the east, and the bicycle and the right front fender of the car crashed.

State police estimated damage in the accident at \$200.

A Ninth Grade student at Gettysburg Junior High School, the Brines boy was "well liked" by his fellow students, according to his homeroom teacher, David Woods.

He and his brother, Michael Brines, an Eleventh Grade student in the Senior High School, were tuition students at the local school.

## MUSMANNO SPEAKS

Dr. Neal V. Musmanno, state deputy of public instruction, said today's graduates, said tireless work must be directed toward the elimination of such problems as unemployment and bigotry.

Asserting that today's graduates are better prepared for their futures than were the graduates of the '30s, he lamented the drop-out rate in schools and the difficulty of some graduates as well as nongraduates in finding employment.

"We need immediate, bold and dynamically imaginative action on the part of the schools, industry and the community working cooperatively together if we are to stem the devastating tide of failure and frustrations," he said.

Most of the new savings will be brought about through expansion of base rate areas, reduction of mileage charges for graded service outside the base rate area and the elimination or reduction of mileage charges for circuits serving extension phones in barns and other detached buildings on the same or adjacent premises.

Eckert reported enlarging the Gettysburg base rate area would result in elimination of graded service mileage charges in the Twin Oaks and Country Club areas, part of Herr's Ridge Rd., Grandview Terrace, in other locations around the perimeter of Gettysburg.

## PLAN PROTEST

(Continued From Page 1) other orders, the unit could not be here.

Shriver argued that the appearance of the group had been advertised, that a great number of people would be on hand to see the program, and that meals and other arrangements had been ordered by the committee for the Honor Guard. He was told by the lieutenant that "there is nothing that can be done."

## MAYOR PROTESTS

Saturday morning Mayor William G. Weaver, as secretary of the Memorial Day committee and as mayor of the town, wrote the U. S. ## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

ONE HUNDRED YEARS AGO

Among the rebel prisoners brought up in the steamer Jefferson from Fredericksburg to Washington on Thursday last, was a rebel citizen of that place, who was arrested for poisoning bread and tendering it to our wounded soldiers. The savage! Hang him, if he is guilty, at once.

The official dispatch of Secretary Stanton shows that the progress of the Army of the Potomac has reached its third stage. Its first was the battles of the Wilderness; its second the Battle of Spotsylvania Court House and its third finds the Rebel army apparently concentrated in a strong position between the North and South Anna rivers, precisely where they might be expected to make their last stand before retiring within the fortifications of Richmond, toward which General Grant is forcing them with unflinching determination and tenacity of purpose. Some days, it is officially stated, will be required to develop Gen. Grant's future operation, which are not now proper subjects for publication. From the details which the press correspondents give we have a graphic picture of the splendid evolutions of our Army, and the perfect success achieved by his movement on Lee's flank. Grant has already proved his indomitable energy in fighting, and has now shown his mastery skill in handling an immense army and safely conducting it through movements confessedly difficult and terribly perilous if there had been any bungling. The position of our army is now or rather was at the latest accounts on the South bank of the North Anna river. Whether we hold Sexton's or Hanover Junction, as it is indifferently called, does not appear, but we must hold control of the Virginia Central Railroad beyond the junction, as it pursues its route to Gordonsville, beyond the Junction, close along the line of the North Anna.

## Today's Talk

OUT OF WHAT'S LEFT

There is no room in anyone's mind for one single thought of despair. If room is given to such a thought, it only means that something better has been crowded out.

In all the various experiences of life we are faced with times when we have to trim here and there, sacrifice, go without, and make adjustments. There are times when everything worth-while seems swept away—but there is always something left behind on which to build anew. This something can be made to become a stepping stone to a higher and happier state than ever before attained. History is replete with such examples.

Every one of us should carry about with him, or her, an assortment of new beginnings! Some lesson or valuable experience that has taught us to act in an emergency.

Many of us have experienced sorrow and disappointment, and have felt at times that there was nothing else in life worth living for, or fighting for—but there is always left something that is worth salvaging—something left over!

Out of what's left, men and women have rebuilt—and done so to a greater degree than ever before. In many businesses it's what's left after the major processes that furnishes the substantial profits.

Ever since man was given this earth into his care he has had to face problems, the greatest among them, the destruction and ruin of war, and even though great nations and far advanced civilizations have been swept away by war's wasteful and destructive power, there has always been sufficient left to carry on what was left. It is our hope and prayer that we may be nearing the time when wars "hot" and "cold" shall be banished from the earth for all time. What a world could then be built!

Nature never completely destroys. It leaves something over for growth and a new beginning. We must take what is left, from time to time, out of what has been taken from us, and build from there on, with renewed courage and with a replenished faith.

The double ring ceremony was performed by the pastor, the Rev. Mark A. Heiney. Mrs. Bradley F. Morelock, aunt of the bride, presented an organ recital prior to the ceremony and played the traditional wedding marches. The altar was decorated with bouquets of white mums and potted palms.

The bride, who was given in marriage by her father, was attired in a white street length gown of chiffon over net with white elbow length lace jacket. Her headpiece was a beau de sole veil. She carried a crescent bouquet of white carnations and white roses.

### Just Folks

THE ANT WORLD

As I was playing golf today  
Across a patch of grass I trod  
And something strange upon the sod  
Caused me in wonderment to stay.  
Ant hills of earth in little mounds,  
Resembling pyramids of old,  
The story of a region told  
Where ceaseless energy abounds.

I'd seen them many times before,  
But curiosity then thought I  
A world beneath my feet must lie,  
A world which men cannot explore.

These busy creatures tug and strain  
And daily scurry to and fro,  
Tunneling the mighty earth below,  
Not thinking all their toil is vain.

Man goes about his tasks and games  
And knows his world and its affairs,  
Its pleasures and its daily cares,  
His goal his whole attention claims.

But here's the ant world fraught with strife  
Building its pyramids of sand,  
And if we could but understand,  
Sharing the mystery of life.

## A. J. Foyt Jr. Wins 500 At Indianapolis Where 2 Drivers Die In Fiery Crash

By DALE BURGESS

Associated Press Sports Writer  
INDIANAPOLIS (AP)—The USAC racing fraternity began moving its cars and equipment to Milwaukee today for the 100-mile race there next Sunday, enriched by the biggest purse ever paid for the Indianapolis 500 but impoverished by the loss of two outstanding drivers in the 48th Memorial Day grind.

Charging A.J. Foyt Jr. and his old Betsy Offenhauser got the lion's share of \$153,650 from the \$506,625 total.

The first closed circuit telecast of the Memorial Day event showed veteran Eddie Sachs plowing into the side of rookie Dave MacDonald's ultra-light car and causing a gasoline explosion that killed them both.

### TVA SUCCESS

The remarkable live television show contributed nothing to the purse, which was only \$12,959 more than last year, when Parnell Jones picked up the previous record winner's share.

Anton (Tony) Hulman Jr., Indianapolis Motor Speedway owner, said the closed circuit TV "about broke even" financially but it was considered a success.

It should make a substantial contribution to the purse in the future, he added.

The crowd, probably a record last Saturday but not disclosed, was estimated from 260,000 up to an unlikely 350,000.

### BALL OF FIRE ERUPTED

A large proportion of it saw the great ball of fire that erupted on the second lap near the upper end of the main straightaway. Many felt the heat and inhaled the smoke as five other cars piled into the inferno and were blasted from the race.

The race was halted and restarted for only the second time since the 500 was inaugurated in 1911. The other stop in 1926 was because of rain.

### WARD IS SECOND

The hard-driving Foyt, three times USA national champion and the 1961 Memorial Day winner, gunned his supposedly obsolescent front-engine Sheraton-Thompson Special into first place on the 55th lap, after the more glamorous new equipment had washed out.

Rodger Ward, twice winner of the event, made the best showing with one of the new rear-engine Fords, taking the \$56,925 second money. He had to make five pit stops three more than he planned and three more than Foyt needed.

Scott Jimmy Clark and teammate Dan Gurney, in the new Lotus-Fords, were the victims of imported tires that began shredding chunks of rubber.

### TANK BLOWS UP

Bobby Marshman, driving a year-old Lotus with a new Ford engine, set a 90 one-lap record of 156.646 — faster than Foyt qualified with the track all to himself, 154.672. Then Marshman sheered off an oil tank plug and had to retire after 35 laps.

Parnell Jones and Foyt had an interesting duel for a while in similar Indy roadsters but the fuel tank of Jones' Agajani-Bowes Special blew up in a pit stop and he was lucky to escape with minor burns. After that it was all Foyt for the last 146 laps.

Only 12 cars were running at the end and four of them were driven by rookies, including Johnny White of Warren, Mich., who took the special Rookie of the Year award for finishing fourth behind veteran Lloyd Ruby.

Ward had the only Ford-powered car that finished among seven starters. Factors other than engine trouble eliminated five of them and veteran Eddie Foyt was stranded by a faulty oil pump.

### HIGH OCTANE GAS

The first four finishers exceeded Jones' year-old record average of 143.137 m.p.h., topped by Foyt's 147.350.

The three Studebaker-Novis shared the ill fortunes of the Lotus-Fords although Art Malone limped to 11th place in one of them.

There was some agitation in the garages, right after the race, to outlaw the high-octane gasoline that burned violently after the collision of the Sachs and MacDonald Ford-powered cars. The possibility undoubtedly will be discussed at the USAC rules committee meeting in September.

### OTHER WINNERS

Foyt's car was owned by Bill Ansted, who had been trying to win for 15 years, and Shirley Murphy, Indianapolis business-

## CHISOX TAKE DOUBLE BILL FROM TIGERS

By DICK COUCH

Associated Press Sports Writer  
Don Buford, Chicago's pre-season candidate for American League rookie-of-the-year honors, has been carrying Pete Ward's glove—and little else—since Ward's recent return to slugging form.

But Buford, whose batting average to date barely exceeds Ward's weight, is beginning to make his base hits count for the league-leading White Sox.

He had only two hits in Sunday's 5-3, 8-3 doubleheader victory over Detroit, but they were good for five runs batted in. His first-game triple delivered the White Sox' deciding run and his first major league home run came with two mates on base in the ninth.

### MVP LAST YEAR

Buford, the International League's most valuable player in 1963 when he led the IL with a .336 mark, has been fighting a losing battle against American League pitchers. The little infielder, used primarily as a late-inning replacement for the hot-handed Ward recently, carried a .191 average out of Sunday's doubleheader.

But his run production in the twinbill—he had driven in one run in 79 previous at-bats—may be an indication of better things to come for the 27-year-old switch-hitter who shared top billing with Richie Allen of the Philadelphia Phillies in spring rookie polls.

Chicago's double victory enabled the White Sox to move one-half game up on second place Baltimore in the AL.

### ORIOLES NIP LA

The Orioles nipped Los Angeles 2-1 behind southpaw Steve Barber. Cleveland defeated Washington twice 9-6 and 8-3, taking advantage of a flubbed third strike in the first game and burying the Senators under an extra-base onslaught in the afterpiece.

Kansas City topped the New York Yankees 4-2 on Wayne Causey's three-run homer and Boston edged Minnesota 4-3 on a ninth-inning pinch-hit double by Felix Mantilla.

### HOMERS TRIGGER ROUT

Buford's three-run homer and a two-run blast by Ron Hansen helped Gary Peters to his sixth victory in the Chicago-Detroit nightcap and gave the White Sox a sweep of the four-game weekend series.

Ex-Tiger Don Mossi blanked Detroit for three innings in the opener, preserving the victory for rookie Frank Kreutzler. Buford tripled home Mike Hershberger in the fifth with what proved to be the winning run. Ward hit his third homer in as many games.

Cleveland trailed 6-5 with two out in the ninth inning of its first game but a third strike by Vic Davalillo escaped Senators' catcher Mike Brumley and the Indians went on to score four runs. Washington, behind 5-0 early in the game, had pulled ahead in the eighth on Bill Skowron's 10th homer.

Homers by Leon Wagner, his second of the afternoon, and Woody Held and a three-run double by Joe Azcue triggered the Indians' second-game rout.

### BARBER'S FIRST WIN

Barber, a 20-game winner last season who had been plagued with a bad back this year, pitched a three-hitter through seven innings, before giving way to Stu Miller, and picked up his first victory.

Causey's seventh inning blast off Yankee reliever Hal Reniff, came with two outs and the A's behind 2-1. Both New York runs came in the top of the inning on a two-out pinch single by Mickey Mantle.

The Red Sox snapped a 3-3 tie and their three-game losing streak when Frank Malzone led off the ninth with his second single, was sacrificed to second and scored on Mantilla's clutch hit.

roadster; Johnny Boyd \$17,625 for fifth in the Vita Fresh Kuzma roadster; Bud Tingelstad \$15,375 for sixth in the Federal Engineering Trevis roadster; Dick Rathmann \$13,500 for seventh in the Chapman Watson roadster; rookie Bob Harkey \$12,200 for eighth in the Weir Watson roadster; rookie Bob Wentz \$11,350 for ninth in the Morecroft Trevis roadster and Bobby Grim \$10,000 for 10th in the Vatis Kurtis roadster.

### WARD'S FIRST WIN

Ward's first win came in the first game of the doubleheader, as he pitched a three-hitter through seven innings, before giving way to Stu Miller, and picked up his first victory.

## HOLLERS FOR TITLE SCRAP

NEW YORK (AP)—Jose Gonzalez blasted Florentino Fernandez in eight rounds Friday night and promptly hollered for a title fight with middleweight champion Joey Giardello.

Yelling for a shot at the champ after an eye-catching win on television is par for the course. But the 24-year-old Puerto Rican-born New Yorker appears to have a sound case.

"I've beaten Hurricane Carter, Joe Archer, Joe DeNucci and now Fernandez," he said after stopping the Cuban contender on a big cut in 2:25 of the eighth at Madison Square Garden. "Sure I want Giardello now. Why not? Who deserves it more?"

### 29-91 RECORD

Since Carter is ranked first, Archer second, Fernandez fifth and DeNucci ninth, the husky youngster has a right to holler. He has even more reason to blast the World Boxing Association, which he does from time to time. The WBA doesn't even rank him. Ring Magazine has him No. 9. He's due to move up.

Gonzalez was an 11-5 underdog against Fernandez and it didn't take him long to show the figures were all wrong.

Gonzalez has a 29-91 record but has only lost two fights in nearly two years. Fernandez' record is 38-8. It was the fifth time the Miami Beach resident has been stopped. Gonzalez weighed 160½, Fernandez 159.

### GARY PLAYER

### WINS \$12,000

By CARL C. CRAFT

Associated Press Writer  
INDIANAPOLIS (AP)—"Daddy, shoot 65 and come home." That was the order Sunday from Mark Player, 3-year-old son of South African golfer Gary Player, in a trans-Atlantic phone call.

But for a pair of bogies, Gary would have followed orders to the number. He sank a birdie putt on the final hole for a 67 to win \$12,000 and a vacation with his family as victor in the Speedway Open golf tournament.

Player, who said, "I intend to devote more time to my family," plans to return next week to Nassau in the Bahamas,

## GIANTS WIN IN LONGEST GAME IN HISTORY AT SHEA STADIUM

By MURRAY CHASS

Associated Press Sports Writer  
When Gaylord and Galen Cisco gave their show an out-of-town tryout, they never realized it would be so well received once it hit Broadway that they would have to extend their performance.

The players—pitchers Gaylord Perry and Galen Cisco—and their teammates—the San Francisco Giants and the New York Mets—did just that Sunday as they waded through 23 innings in the longest game in major league history from the standpoint of time.

The Giants and the Mets did not exactly play on Broadway but a few miles away at Shea Stadium. The Giants won the seven-hour-and-23-minute production 8-6. The victory came after they had taken a mere 2:29 to win the opener of the doubleheader 5-3.

### SECOND LONG ONE

Just 15 days before, in San Francisco, the same teams played 15 innings with the Giants winning 6-4. Perry was the winner in that one and Cisco the loser.

The right-handed hurlers performed in the same roles Sunday. Perry, who pitched only one inning in the earlier game, went 10 innings this time. Cisco, who lasted 1-2-3 innings 5-6, made it through nine innings.

The game took more time than it would to sit through Hamlet twice. The New York Yankees and the Detroit Tigers previously had played the longest game—seven hours even—June 24, 1962. And only three games went more innings than Sunday's.

### CRANDALL BREAKS TIE

Bisco—who really couldn't be named, like Hamlet, he started seeing ghosts—limited the Giants to two hits in eight innings before Jim Davenport tripled with two out in the 23rd.

Pinch hitter Del Crandall drove Davenport home with a ground-rule double after Cap Peterson was walked purposely. Jesus Alou brought Peterson home with an infield single.

Elsewhere in the NL, Chicago nipped Milwaukee 4-3 in 10 innings. Philadelphia stopped Houston 4-1, Los Angeles got by Pittsburgh 6-4 and St. Louis edged Cincinnati 2-1 after losing 6-0.

### LARGEST CROWD

A crowd of 57,037, largest in the majors this season, saw the Mets pull a triple play in the 14th inning and Giants' Manager Al Dark ejected in the 15th. The fans also saw the Mets' Joe Christopher play the role of the villain with his three-run homer in the seventh that sent the game into extra innings.

Orlando Cepeda stole home with the deciding run in the opener. Juan Marichal won his eighth game in nine decisions. Billy Williams cracked his 13th home run in the 10th inning for the Cubs' triumph. Billy Cowan's run-scoring single tied the game for the Cubs in the ninth. Williams, getting three hits, increased his league-leading average to .414.

### PHILLIES' HOMERS WIN

Art Mahaffey walked seven Colts, but Richie Allen and Ruben Amaro backed him with two-run homers as the Phillies remained in first place.

Sandy Koufax won his fifth game against four defeats, but he needed the aid of Pittsburgh errors and reliever Ron Peranoski. Two of the Dodgers' runs in the four-run third scored with the help of the miscues. Tommy Davis singled home Jim Gilliam with the tie-breaking run in the eighth.

Bob Gibson ignited a two-run Cardinals' rally in the eighth inning of the nightcap with a single, then held off a Reds' outburst in the ninth for his fifth triumph against one loss. Dick Groat's sacrifice fly and Ken Boyer's single sent in St. Louis' runs off John Tsitouris, who until the eighth had given up just five hits.

Bob Purkey scattered six hits in the opener. The Reds shelved Ray Washburn from the mound with four runs in the first inning.

where his wife and four children are living. Player wore all white Sunday instead of his usual black costume. He explained, "I had to let my dry cleaning catch up with me, you know."

Player dropped an eight-inch putt for a birdie on the par-five 465-yard final hole to finish 11 under par for the four rounds and win by a single stroke.

### WIN'S WOMEN'S TITLE

PARIS (AP)—Margaret Smith of Australia, won the women's singles tennis title at the French Championships by defeating Maria Bueno of Brazil 5-7, 6-1, 6-2.

### 10TH OF SEASON

Allen's first inning blast, his 10th homer of the season, scored Cookie Rojas ahead of him and was one of two homers which provided all the Phillies runs as they held on to a slim half-game lead in the National League, despite a long, long sweep of a doubleheader by the San Francisco Giants over the New York Mets.

Ruben Amaro belted the other four-bagger in the fifth, with John Herrnstein denting the plate ahead of him.

Art Mahaffey, with help from Ed Roebuck in the seventh, recorded his fourth victory against two losses. Owens took the loss. He's now 1-4.

The Phillies are idle tonight as they get set for a three-game series with the Los Angeles Dodgers beginning Tuesday night.

## DAVIES TAKES FLAG TOURNEY

Bob Davies walked off with top prize in the annual flag tournament held Memorial Day on the Country Club golf course. Davies was among 44 players taking part throughout the day.

The winner of the flag tourney is determined by the course par plus the players handicap. Davies finished his required strokes in the cup of the 19th hole. Runnerup was Jon Minnick who finished 18 inches from the cup. The remaining six winners, all of whom finished their game on the 19th hole, included: Third, Don Hudson, three feet away; fourth, Dr. J. A. Dunkelberger, 12 feet away; fifth, Ed Plank, 20 yards out; sixth, "Bo" Davies, 40 yards out; seventh, Bob Weaver, 43 yards out; eighth, Dr. James Sheppard, 100 yards out; ninth, Ed Nowicki, 145 yards out.

William Shultz won the prize for coming the closest to the hole on the sixth green as his shot landed four feet away. Russ Maitland and Floyd Brown tied for the most strokes recorded, each landing five. Davies carded the most fours with 13. Tony Brown recorded 11 holes in five for top prize while Russ Campbell landed the most sixes with nine.

### Haight Captures Speedway Feature

Neil Haight started in 14th position in the 25-lap main event at Lincoln Speedway Saturday night, fought his way to the front, going on to take the win. Gene Goodling, Frankie Thompson, Bud Folkenroth, Clem LaMaster and Ace Canupp followed.

Thompson, in finishing third, managed to protect his slim point lead over Bud Folkenroth. After Saturday's event, Thompson had a 20-point advantage over the speedster from Seven Valleys, Pa. Charlie Cockey in a tight duel with Gene Saine, took over the lead in the 20-lap late model feature event. Saine charging hard in an attempt to regain the lead spun into the infield and out of contention.

Heat victories went to Charlie Cockey, Bob Myers, Bill Stambaugh, Pete Kantorsky, Paul Miller and Gene Goodling. Doug Beachman and Bud Folkenroth took the honors in the consolation events.

A record holiday crowd of 9,500 witnessed the 11-event racing card and the fireworks display.

## LBJ CREATES NEW PHRASE TO IDENTIFY PLAN

EDITOR'S NOTE — Ten days ago, in a commencement address at the University of Michigan, President Johnson invited the youth of America to join in building "the great society." Since then he has used the phrase as a rallying cry—a development which is analyzed in the following article.

By FRANK CORMIER

WASHINGTON (AP)—President Johnson is making a determined effort to identify his administration with a quest for what he terms "the great society."

Johnson gave new evidence of his attachment to this label during a four-day holiday weekend trip to New York and Texas. The President, who flew back to Washington Sunday night, delivered four speeches during the trip and, in three of them, he talked about "the great society."

### IDENTIFYING LABEL

This repetitive emphasis points up Johnson's hope that the public eventually will link his name with the term—much as Franklin D. Roosevelt was associated with the New Deal, Harry S. Truman with the Fair Deal and John F. Kennedy with the New Frontier.

Some Johnson aides say privately the concept of "the great society," as the President has expressed it, is more typical of his view of the role of government than anything he has done as chief executive.

### CONCRETE ASPECTS

However, they emphasize the concrete aspects of the concept — rebuilt cities, flourishing schools, conservation programs and the elimination of poverty — rather than the abstractions which have embellished Johnson's speeches on the subject.

They argue that, throughout his political life, Johnson has been intrigued by the notion of revitalizing the economy of entire regions through rural electrification, power projects, reforestation, job retraining and the like.

Johnson first talked in detail about "the great society" in his May 22 commencement address at the University of Michigan. In that speech, he urged his youthful audience to join in helping to rebuild cities, preserve the countryside and promote education. He cited these as central challenges facing the nation.

### QUALITY VS. QUANTITY

At the same time, he talked about a society in which men are concerned more about the quality of their goals than the quantity of their goods, about an unspoiled land where man can commune with nature.

For a time, Johnson toyed with the phrase "better deal"—words he first used off-the-cuff in a television interview. This phrase was dropped after a brief trial run, however—perhaps because it was too reminiscent of the Roosevelt and Truman labels.

"The great society" presumably fits better with Johnson's desire to be viewed as a "president of all the people"—a sort of non-partisan leader who espouses causes aimed at unifying the nation.

### BEARS ON UNITY

Johnson bore down hard on the unity theme in his commencement address Saturday at the University of Texas.

Proclaiming a turning point in the national history, he envisioned a choice between two roads—one leading to "The Great Society" and the other "to a legacy of despair and degradation."

In a sense, the key items in the Johnson program are an outgrowth of his past. The poverty program is an example.

This package was no more than a packet of study papers when Johnson took office. But it was something he could grab

hold of—because it promised to be popular, relatively noncontroversial and ambitious.

Most important, perhaps, Johnson could have faith in an embryonic antipoverty program because of his experiences in Texas.

One of the institutions of which he is proudest is the Pedernales Valley electric cooperative back in his home country. He was a moving spirit in the creation of this electric system, which transformed the economy of his region.

## TRAFFIC TOLL 17 IN STATE OVER WEEKEND

By THE ASSOCIATED PRESS

Three Philadelphia youths, in a car one of them had purchased the day before, were killed in an automobile accident Sunday, as the Memorial Day holiday traffic death toll in Pennsylvania reached 17.

Police said the car, with only 265 miles on its speedometer, crashed into a stone bridge across Neshaminy Creek at Crofton, Bucks County.

The victims, James Rodney

and Mark Gasparotti, both 18, and James Hogan, 17, had just returned from a fishing trip in New Jersey and had decided to take the car for a trip to the Bucks County area, relatives said.

### ROAT RACER KILLED

In other accidents, a veteran boat racer was killed while making a trial run on the Monongahela River and a 6-year-old boy strangled.

The Memorial Day tabulating period began at 6 p.m. Thursday and ended at midnight Sunday.

The list of the most recently reported victims includes: Bristol — James Hogan, 17; James Rodney, 18; and Mark Gasparotti, 18, all of Philadelphia, killed Sunday when their automobile crashed into a bridge support in lower Bucks County.

Shenandoah—George M. Mallick 38, of Shenandoah, killed Saturday night when his car struck a tree near the Gordon airport in Schuylkill County. His wife, Claire, 38, and two other passengers, John O'Connor, 53, and his wife, Joan, 34, also of Shenandoah, were injured.

### CAR RUNS WILD

Pittsburgh—Josephine Fores, about 40, and her nephew, 12-year-old Jerome Dupree, killed Saturday night. Police said the car was driven by the boy, with his aunt's permission. The automobile ran wild down a street, struck two other cars and crashed against a concrete stairway. The boy's sister, Darlene, four, was critically hurt.

Pittsburgh—Ernest Hufnagel, 57, of Clinton, killed early Sunday in a head-on collision on

Route 30, about 10 miles west of Pittsburgh.

Monongahela—John Mokranian, 63, of Ellwood City, killed Saturday while making a trial run on the Monongahela River before a race.

Bedford—Jay Lloyd Faul, six, strangled Friday night when a rope attached to a swing on which he was playing snapped, wrapping around his neck and throwing him into a bush.

Mount Union—Dolly Russell, James Creek, killed Saturday in a two-car collision on Route 22 about five miles east of Mount Union.

## 50 HURT IN TRAIN WRECK

ULMERS, S.C. (AP)—Twisted steel and uprooted cross-ties were being removed today from a shallow ravine where Seaboard Air Line's Silver Meteor passenger train derailed.

Most of the 50 passengers hospitalized after the Saturday night wreck were released Sunday.

Officials expected to resume full operations along the main line today or Tuesday.

About 1,900 feet of track was uprooted when 16 of the train's 19 cars derailed.

## 86 GOP VOTES ARE AT STAKE IN CALIF. TEST

By LARRY OSIUS

WASHINGTON (AP) — California Republicans choose Tuesday between Sen. Barry Goldwater and Gov. Nelson A. Rockefeller in a presidential primary that highlights a week of feverish political activity in 13 states.

In the California contest, the state's 86 Republican nomination votes are at stake. Goldwater backers think victory would make possible his nomination on the first ballot at the GOP convention, which begins six weeks from today.

Those opposed to the Arizona figure a Rockefeller victory would slow down and perhaps stall Goldwater's drive short of the 655 votes needed for nomination.

### PRESENT PICTURE

As for the New York governor, by week's end he could have more than 200 delegates in his quest for the nomination — providing he beats Goldwater in the winner-take-all California contest and picks up a majority of the 82 district delegates, as expected, in Tuesday's New York primary.

The Associated Press survey of delegates chosen shows this first ballot breakdown based on primary commitments, pledges, instructions and stated preference:

Sen. Barry Goldwater	316
Gov. William W. Scranton	71
Henry Cabot Lodge	44
Gov. Nelson A. Rockefeller	41
Sen. Margaret Chase Smith	15
Richard M. Nixon	10
Favorite sons	100
Uncommitted	261

### DEMOCRAT BATTLE

Democrats staged intra-party battles over the weekend in two states — setting up a runoff primary June 27 in the North Carolina governor's race and healing a long-time party split in Nebraska.

In the Tar Heel State, former U.S. Dist. Judge Richardson Preyer, running with the unspoken blessing of liberal Gov. Terry Sanford, led a six-man field in Saturday's primary. But he failed to get a majority and will face former Superior Court Judge Dan K. Moore, a moderate with conservative backing who trailed by 24,000 votes.

In Nebraska, party officers backed by Gov. Frank Morrison were picked at a state Democratic convention Sunday. It ended a 12-year division between factions led by Morrison and outgoing national committeeman Bernard J. Boyle, who did not seek re-election.

States pledged to Rockefeller and Goldwater are the only ones on the California ballot, and write-in votes are not permitted.

## Radio Drowns Casual Noises

JOHANNESBURG, South Africa (AP) — At last it has been explained — there is a real scientific reason why your youngster likes to study while his transistor radio is going full-blast.

According to Prof. G. R. Bozoli, Johannesburg noise expert and dean of the local university's faculty of engineering, the reason is simple. "A radio drowns casual noises between periods of silence. It is these casual noises from outside, such as a passing car, which really interrupt their studies."

## HOSPITAL FIRE BRINGS DEATH

WILKES-BARRE, Pa. (AP) — A general alarm fire, a block and a half from Mercy Hospital, resulted Sunday in several hundred thousand dollars damage

and indirectly caused the death of a 69-year-old woman.

Some 13 families also were made homeless by the blaze, which destroyed four buildings housing nine apartments, a large warehouse with offices, several garages and sheds.

Mrs. Arthur Boote, watching firemen from the front porch of her home across from the house, died of a heart attack.

Mayor Frank Slattery said the fire apparently started in an old lumber yard used for storage by the Johns Manville Co., which also occupied the warehouse and offices.

Exact cause of the blaze has not yet been determined. Slattery said the destruction might have been worse but for the fact there was no wind to fan the flames.

## City Drops Dues In Harbor Group

LAS VEGAS (AP) — Nobody quite remembers why Las Vegas joined it. The city paid its \$100 dues for three years. But this year the fee went up to \$250. City Manager V. L. Fletcher pondered and declared: "There has been no tangible

benefit to the city from past membership in the association." So, the city commission of this desert resort voted to drop membership in the National Rivers and Harbors Congress.

Emlen said this will begin with the next examinations Aug. 8. The examinations will be given in Philadelphia, Pittsburgh, Harrisburg, Erie and Wilkes-Barre.

The answer sheets will be sent to Princeton by first-class mail as soon as the exams are

# MORE TROUBLE BREWING OVER PRIMARY VOTE

PHILADELPHIA (AP)—Thirty-three days ago Pennsylvania Democrats voted in a primary to pick a candidate to run in November against Republican incumbent Hugh Scott for the U.S. Senate.

Nearly a million votes have been counted and a nominee still hasn't been chosen. And may not be until Labor Day or afterwards, if there is any lengthy legal battle over contested ballots.

Genevieve Blatt, state secretary of internal affairs, today holds a 640-vote lead over Justice Michael A. Musmanno of Pennsylvania's Supreme Court. Last week Musmanno was ahead.

**CHALLENGE 900**  
But there are over 900 challenged absentee ballots (the exact number is disputed) in Philadelphia and Lackawanna counties, both Democratic organization strongholds that supported Musmanno.

On Friday under police guard, the challenged absentees in Philadelphia were taken out of a locked tin box. Most of them had been removed from their mailing envelopes before a court order halted counting.

As Blatt and Musmanno backers watched, it was discovered there were 561 ballots—but only 549 envelopes.

Maurice Osser, chairman of the city's election board, said when asked for an explanation: "I haven't the slightest idea."

Michael J. Byrne, assistant to U.S. Sen. Joseph S. Clark, former Democratic mayor of Philadelphia who was Miss Blatt's leading supporter, said "this is definitely illegal."

# TODAY In History

By THE ASSOCIATED PRESS

Today is Monday, June 1, the 153rd day of 1964. There are 213 days left in the year.

Today's highlight in history: On this date in 1813, Capt. James Lawrence, mortally wounded, issued his command, "Don't give up the ship," but even as he spoke his frigate Chesapeake was taken near Boston by the British ship Shannon.

On this date  
In 1792, Kentucky, the 15th state, was admitted to the Union.

In 1796, the 16th state, Tennessee, was admitted.

In 1940, German and French armies were locked in fierce combat along the River Somme.

In 1941, the British announced they had evacuated 15,000 troops from the island of Crete.

In 1945, about 3,000 tons of fire bombs were dropped on Osaka, Japan, in a daylight raid.

ballots come out of one envelope. Four out of another. I guess there are more we didn't catch."

The State Supreme Court said a hearing should be held on each contested ballot. Osser now is trying to set up procedures for such an inquiry.

Meantime, there are about 5,000 other votes cast in Philadelphia on a blank line below the names of Miss Blatt and Musmanno. If these are counted Musmanno would have a net gain of 1,245—but there is the disputed question on whether they are valid.

# JFK STAMP IS GREAT DEMAND

NEW YORK (AP)—The John F. Kennedy memorial stamp, issued on the late president's 47th birthday anniversary, sold in the millions across the nation.

It appeared that the 5-cent stamp would set a new first-day sales record.

A total of 8,000 first-day covers were sold Friday in the first few hours after the tiny post office opened at Hyannis Port, Mass., where the Kennedy family has picked up its summer mail for years.

Sales in New York City climbed into the millions with Manhattan post offices alone reporting the purchase of 3,136,700 of the issue, which bears the president's image and a drawing of the eternal light that burns on his grave in Arlington National Cemetery.

In Boston, the city the late president called home, Postmaster General Walter A. Gronouski presented memorial albums of the stamp to the Kennedy's mother and his close friend, Richard Cardinal Cushing.

Millions of the stamps were sold in the Boston area. Some 1,500 visitors swarmed into Kennedy, N.Y., a tiny hamlet, to get the Kennedy postmark on envelopes with the memorial stamp.

Some post offices said their supply was exhausted within hours after the stamp went on sale.

Other cities with large sales reports were Philadelphia, 500,000; Washington 400,000; St. Louis, Mo., 100,000; Chicago, 300,000; and San Francisco, 700,000.

Sharon, a 5-foot-2 blonde, is the lone senior in the high school of eight pupils, located in Lake Erie. But school officials have planned a commencement program featuring music, an invocation, honors and a speaker for the 18-year-old.

Don Wolfe, assistant editor of the Toledo Blade, is the speaker. "I could have written her a letter," Wolfe expalined, "but the school is important to the people out there so it's important to me to be there."

Mrs. Ruth notified police, who traced the cab to Oakland Airport.

They arrested Ruth as he was about to board a flight for Los Angeles with \$985.40 in his pockets.

Police said the missing money went for plane and cab fares.

He was booked for investigation of grand theft.

## GODDARD IS ANXIOUS OVER PROJECT 70

HARRISBURG (AP) — Maurice K. Goddard, secretary of forests and waters, apparently is getting anxious.

After four months of waiting, Goddard is hopeful that the General Assembly will get around soon to passing enabling legislation for Project 70.

"We want to get moving," he said this past weekend. "We've been trying for ... months to get it passed."

"Time is extremely important on this legislation. Much of the 40,000 to 50,000 acres we have in mind for the program aren't going to be available forever."

Enabling legislation for Project 70, the state's \$70 million open space conservation and recreation program, was released to the floor of the Senate last week by the Forests and Waters Committee.

It had been stalled there since its introduction last February.

Administration officials and the majority leadership are hopeful of action this week on the program. The committee, however, added some amendments to the legislation.

Not all the amendments met with Goddard's approval as they now stand. One change he advocated was in the in-lieu-of taxes provision added to the legislation. The amendment would require payments by the state in lieu of taxes on acquired lands until assessments in the local government subdivision recover from the loss of the taxable land.

Goddard said he had no quarrel with the philosophy of the amendment, but urged that the payments be delayed until July

## Governor Wants Pruning Of Jobs

HARRISBURG (AP) — Gov. Scranton has put the word out again: Eliminate all vacant state jobs that are not absolutely essential to the function of state government.

The order was issued in a memorandum to heads of all departments, commissions and boards under the Governor's jurisdiction, according to Jack Conmy, Scranton's press secretary.

Conmy said this past weekend that Scranton revived his austerity program after state employment rose to 83,000 since last September, a gain of 3,000.

Scranton also requested each department head to review his payroll to determine whether all existing jobs are necessary and whether persons filling them are performing properly, Conmy added.

## LICENSE BD. HEAD TO QUIT

HARRISBURG (AP) — Alan L. Emlen, commissioner of professional and occupational affairs, said this past weekend he plans to resign as head of the state's 16 professional licensing boards.

Professional licensing and politics do not mix, said Emlen, who has been appointed chairman of the Southeastern Pennsylvania Republican Finance Committee.

As soon as he is certain Gov. Scranton has a suitable successor in line, Emlen said he would submit his resignation to the chief executive.

"I accepted this (the commission) as an assignment and not as a career," he explained, "so that they can be programmed in the budget."

The Penn-aire, a barbershop quartet from Harrisburg, will sing a number of selections Monday night, June 15, at the East Berlin bicentennial celebration. The quartet consists of Benjamin Musser, Alan Gross, Lewis Short and Wendell Phillips. They have won championship rating in open competition at barbershop singing contests. Also scheduled for the same night is the judging of the Bicentennial Belle, the Bicentennial Queen, and the Brothers of the Brush. A Queen's Ball is planned as the final event of the evening.

The graduation exercises for the pupils of the Eighth Grade of the Annunciation School will be held this Friday following the 11:00 a.m. Mass. This will also be the closing of school for this term.

Starting this Sunday, all Sunday Masses will be low Masses until September.

The Girl Scouts Troops will hold their Court of Awards next Sunday, June 7.

It was Scranton who appointed Emlen over a year ago to the job after professional licensing was taken by law out of the Department of Public Instruction and placed in Department of State.

## P. M. WARNER, EDITOR, DIES

DAYLESFORD, Pa. (AP) — Paul McCurdy Warner, a native of Tarentum, and editorial page director of the Philadelphia Inquirer since 1944, died Sunday at his home here. He was 73.

A veteran of 50 years in the newspaper field, Warner began his career in Washington, Pa., where he spent two years after college graduation in 1914 as a reporter and editorial writer for the Washington Observer and Reporter.

He came to the Inquirer in 1925 as a copy editor. He became news editor two years later. In 1929, he became night editor, a post he held for four years.

It was in 1933 that his editorial began appearing in the Inquirer. He was named chief editorial writer in 1936 and director of the editorial page in 1944.

In 1960, a Freedoms Foundation George Washington Honor Medal was awarded to him for a Fourth of July editorial he wrote calling for more flexibility and initiative in American relations with the Soviet Union.

Survivors include his widow, Elinor; a son, Paul McC., Jr., of Durham, Conn.; two daughters, Miss Andrea Penn Warner and Miss Elinor Holland Warner; and two grandchildren.

## RUTH JESSEN WINS TOURNEY

BEAUMONT, Tex. (AP) — Ruth Jessen posted rounds of 71 and 74 on Sunday's 36-hole golf wind-up and won the \$8,500 Babe Zaharias Open with a 214 for the 54 holes.

It was Miss Jessen's first win of the woman's golf tour.

Her triumph here was a further indication that the girls of the tour are catching up with mighty Mickey Wright, who won 13 tournaments and \$31,600 last year for all-time records, and started out this year by winning four of the first six tournaments which she played.

But Miss Rawls beat her out at Dallas and Sunday Miss Wright wound up in a tie for third because of a disastrous three-over-par 76 on the second 18 holes.

Miss Jessen, who vaulted into third place among the money-winners with her triumph here, sewed it up with a two-under-par 71 in the second round. She faltered to a closing 74 but was so far ahead she never was in any danger.

Miss Wright now leads the money winners with \$9,710. Miss Rawls is second with \$6,597.50 while Miss Jessen is third with \$5,875.50.

## DPI INVENTORY WILL BE TAKEN AT CHESTER

HARRISBURG (AP) — The Department of Public Instruction is preparing to take an inventory of educational facilities in the Chester city school district.

However, the department will not get into charges by civil rights leaders in that Delaware County community that the school board is fostering de facto segregation in its school system.

The "professional examination" of the racially troubled school district was made public this past weekend by the department.

### WAS REQUESTED

Dr. George W. Hoffman, acting superintendent of public instruction, said the department was planning its "educational inventory" at the request of school board officials.

In a letter to Thomas J. Lyons, secretary of the school board, Hoffman emphasized that the inspection would be made only "with respect to tangible items."

The DPI is "not staffed for the purpose of measuring intangibles such as the psychological effect of local conditions," he wrote.

Civil rights groups in Chester

have charged that four all-Negro schools in the city are sub-standard.

### DEMAND BUS PLAN

The leaders have demanded that Negro students be transported to schools in other sections of the city to improve the quality of their education and make for better racial balance in the district.

Hoffman said the department's review would pertain to "those things which are numerical or otherwise capable of being counted," such items as:

"... activities and experience of teachers; content and staff of libraries; adequacy of instructional materials and equipment; adequacy of the physical plant in such respects as heating, lighting, ventilation and overcrowding."

### TO RUSH RESULTS

Hoffman named Dr. Neal Musmanno, a deputy superintendent, and Dr. Paul L. Glatzert to head the inspection.

Hoffman wrote that the best time the inspection could be made is "when classes are in session." However, he noted that the department "may experience some difficulty in conducting the examination within the next few weeks" while the district is "involved with the usual year-end activities such as examinations and preparation for graduation."

He pledged to "act as fast as possible and after the examination has been completed," to make the results available to the school board.

## EPIDEMIC OF TYPHOID EASES

ABERDEEN, Scotland (AP) — The typhoid epidemic that sprang from a supermarket meat slicer appeared today to be leveling off in Aberdeen. Fears the outbreak had spread to the British navy were quieted.

A British navy cook and seaman from the submarine Rorqual were hospitalized in Glasgow as typhoid suspects but the Admiralty reported the two sailors were suffering from gastroenteritis, an intestinal inflammation.

Schools have closed and social life is suspended in Aberdeen, where 209 persons have been hospitalized. There are 160 confirmed cases of the disease, 49 suspects. One woman has died.

Ten new suspects were hospitalized Sunday, the smallest daily admission since the epidemic flared 10 days ago.

"I think there is every likelihood that this outbreak will stop fairly soon," said Aberdeen's health officer, Dr. Ian MacQueen.

The Aberdeen outbreak started through the sale of defective corned beef in a supermarket. The meat slicer used for the beef also was used to cut other meats. This spread the disease.

## NEW COMEDY SHOW ON NBC DISAPPOINTS

NEW YORK (AP) — When "More, More, More, More..." an original comedy started on NBC Sunday night, it seemed for the first few minutes we were going to see one of those mad, gay shows reminiscent of the good old movie days when Robert Montgomery was always a rich playboy or debonair Cary Grant was pursuing Irene Dunne or Katharine Hepburn.

It started with a poor but happy young couple just making out on \$6,000 a year, working over bills and a leaky coffee pot. Suddenly they have a \$500,000 windfall and the husband sets out to really enjoy spending his money.

So far, so good. But the spending device was overdone and got out of hand. The rest of the show was less comedy than a burlesque.

### GETS OUT OF HAND

Our hero started buying a Rembrandt "with a little Van Gogh on the side to brighten it up," an apartment house and a pair of English limousines for his girl friend, a baby elephant and every dress in Christian Dior's collection for his wife.

Then his wife got into the act, acquiring a prize fighter, a night club, a bank, one sable and 15 mink coats.

The clincher and big gag was when she asked her husband how many golf clubs made a set. Fourteen he replied.

Then in a voice like Jane's in the "Easy Aces," she said "Goody, then I think I'll buy those in Connecticut."

That golf club-buying joke is just a little bit older than Milton Berle and started life as an early Texas millionaire story.

The whole show was a bit of misguided fluff, and very hard to wind up.

### POLITICAL TRAINING

Network television's passionate preoccupation with the California primary election Tuesday is beginning to have a strange effect on some East Coast viewers—3,000 miles from the action.

The networks seems to be giving the democratic senatorial contest, with local issues and political implications, almost as much attention as they are awarding the pitched battle for the 86 delegates to the Republican national convention.

Perhaps it is their way of giving equal time to the two major parties at a time when there is not much of a democratic contest for the presidential nomination. Or maybe it is road-

## Expectant Mother Is Shot To Death

WEBB CITY, Mo. (AP) — An expectant mother was shot to death Friday night while her husband was practicing a quick draw with a revolver in their home, police said.

The woman was Mrs. Ronald L. Morrill, 24.

Her 33-year-old husband rushed her to a hospital where surgeons tried unsuccessfully to save her twin boys by Caesarean section. The babies were due to be born in July.

Police said Mrs. Morrill was sitting on a divan watching television while her husband was playing quick draw with their 3-year-old son, Marce. Morrill's 22-caliber revolver fired and the bullet struck Mrs. Morrill in the throat.

## ASKING PROBE OF VOTE FRAUD

PHILADELPHIA (AP) — Supporters of Justice Michael A. Musmanno, of the State Supreme Court, say they will seek a full-scale investigation of what they called widespread fraudulent voting in Chester during the April 28 primary election.

Musmanno is in a close race with Genevieve Blatt, state secretary of internal affairs, for the Democratic nomination for U.S. Senate.

The supporters said the U.S. Justice Department would be notified and state Atty. Gen. Walter E. Alessandrini would be asked to lead a grand jury investigation into the Chester voting.

The Delaware County Court today was to set a date for hearings on its refusal to grant a motion by supporters of Miss Blatt to quash fraud charges in Chester. The court refused the motion last Friday.

In the second precinct of Chester's fourth ward, Musmanno received only four votes and Miss Blatt got 107.

Meanwhile, the FBI is investigating complaints of alleged vote frauds in the Wilkes-Barre and Scranton areas.

## 5 RIDERS BOLT HORSE SHOW ON "GRIEVANCES"

DEVON, Pa. (AP) — Five riders, including two members of the United States Olympic squad, refused to ride their horses in the high jumping event at the Devon Horse Show Friday night because, they said, the show committee refused to listen to their grievances.

Frank Chapot of Wallpack, N.J., and Kathy Kushner of Arlington, Va., both Olympians, along with Betsy Gerson, of Cloister, N.J., Danny Lopez of Old Brookville, N.Y., and Milton Kulp, Jr., of Gwynedd Valley, Pa., all refused to ride.

The event was won by 17-year-old Cindy Usher of the St. Jude's Horse Show Association of Troy, N.Y., on Sweet Cap, an aged brown mare who cleared 6 feet, 6 inches.

### ORDERED TO RIDE

In addition to the riders who declined to compete, two others—Bill Steinkraus, ace of the U.S. Olympic team, and Sonny Brooks, one of the top professionals—rode under orders.

"This has been coming on a long time," said Steinkraus. "This appears to be the only way attention can be drawn to the problems of the exhibitors."

Said Brooks: "I rode because the owner of my horse (The Imp) told me to, but this could have been settled long ago if the show committee sat down with us and had gone over the problems. But they wouldn't."

### GRIEVANCES

The riders were annoyed because:

—Ben O'Meara, one of the professionals, was barred from further participation in the show Friday because he was convicted of cruelty to animals. O'Meara denied the charge and said he had hired an attorney to defend him.

—Strict enforcement of the one-minute rule giving riders one minute from the time the horn blows when they enter the ring to approach the first jump.

—Chapot was disqualified in a class for having the wrong number. He said it was a mistake and the punishment was too severe.

When War Relic died at 25, his progeny had won more than 1,150 races and earned \$4,083,936.

Shown left to right are Raymond Dayhoff, 22nd District deputy commander; Congressman Goodling; Post Commander Kenneth B. Selby and post First Vice Commander Robert W. Fox. The flag was one that had flown over the Capitol at Washington. ## SAYS BOSSES RULE FOR GOP IN 2 COUNTIES

PHILADELPHIA (AP) — Sen. Joseph S. Clark, D-Pa., says "certain Pennsylvania counties—Delaware and Northumberland—are run by as old-fashioned type political bosses as you'll find, but they are Republican bosses."

Clark made the statement Sunday on the nationally televised CBS program, "Face the Nation."

"For every vote stolen by the Democrats in the primary in Philadelphia," he said, "I'll give you two or three by the Republicans in Delaware County, and maybe four or five in Northumberland."

The Pennsylvania Democrat made the remarks in response to questions about his political philosophy, in which he said "liberals must be completely honest. People become disillusioned with crooked liberals more than they do with crooked conservatives."

He added, "the aroma of corruption has got to be removed from the Democratic party if it is to have that long-range success we desire."

## Ike To Head Panel On Foreign Policy

PHILADELPHIA (AP) — Former President Dwight D. Eisenhower will head a panel discussion on foreign policy here June 15, it was announced Sunday.

It will mark the last in a series of six "party-to-people" forums, under the sponsorship of the Republican National Committee, held throughout the nation this year on Eisenhower's suggestion.

Other panelists are to be named later this week.

## SCOTT TALKS TO GRADUATES

NEW WILMINGTON, Pa. (AP) — U.S. Sen. Hugh Scott, R-Pa., said today that "one of the greatest dangers facing our nation is the unwillingness of so many good and responsible citizens to get involved in our political life."

In his commencement address to the graduating class of Westminster College, Scott said:

"Far too many regard politics as something to be left to the politicians, a pastime for the wealthy, an activity which just does not concern the great mass of Americans."

"Yet," he added, "politics is the very life blood of our free society. It is the mechanism by which every citizen can in greater or lesser degree make his wishes felt in our national life. It is the means by which we can all participate in our government."

At ceremonies at Valley Forge Military Academy Sunday, Scott told the graduates there to "have confidence in the future's opportunities rather than despair over the world's uncertainties."

"I've been laying off Goldwater because he's too easy a target. His position is defined; all you have to do is trigger the mechanism and it explodes—witness all the 19th century jokes the other fellows are using."

## Track Has Second High Attendance

SHENANDOAH DOWNS, W.Va. — Shenandoah Downs goes into the final two weeks of its spring meet tonight with the second biggest doubleheader in its six-year history in the books and a record nightly betting average for a spring meeting.

Saturday's 18-race extravaganza missed the intended goal of a million dollars, but the \$850,494 wagered put the average at \$288,200 and kept alive Shenandoah's chances of a new high for a spring meeting.

The mutual handle and attendance was second only to last Labor Day's all-time high of \$981,913 and 14,076. Attendance Saturday was 13,632 for both programs.

### ADVERTISE IN THE TIMES

## NEGOTIATORS MAKE HEADWAY AT ESSEX WIRE

LANSING, Mich. (AP) — In a marathon, 17½-hour session, negotiators today reached first agreements on issues in the violence-plagued Essex Wire Corp. strike at Hillsdale, Mich.

"We see the possibility of a solution," the state labor mediation board chairman, Malcolm Lovell Jr., said.

Details of agreements were not disclosed.

The report of initial agreements—the first in the 3-month-old strike — came as National Guardsmen patrolled Hillsdale for the fifth day.

### ORDERS PLANT CLOSED

Gov. George Romney ordered the plant closed and declared the outcasted Michigan community of 7,600 persons in a "state of public emergency" last Thursday. He ordered guardsmen to maintain peace after two nights of disturbances which included a near-riot in the stoning of the jail. A mob had protested arrests of five persons earlier at the International Union of Electrical Workers picket line.

The IUE has sought a contract with Essex since last fall when it replaced the Teamsters Union as bargaining agent in an election. On Feb. 28, the union pulled its 180 production workers out of the plant on strike.

Among other things, the union has demanded wage rates equal to those paid by Essex in its Fort Wayne, Ind., plant. These are 40 to 60 cents an hour higher than the \$2.43 hourly paid in Hillsdale.

## Eastern League

By THE ASSOCIATED PRESS  
The Springfield Giants moved to within three percentage points of the Eastern League lead Sunday by edging the pace-setting Charleston Indians 3-2.

The Williamsport Mets sneaked in the Elmira Pioneers, 2-1, in 11 innings, in the only other game scheduled.

The Giants, in moving up on the Indians, scored all three runs in the first inning, with an infield single the only hit in the frame.

Springfield scored on three walks, the infield hit by Jim McClain and two costly Indian errors.

Tom Arruda went the route for the win, giving up just one extra base blow—a home run by Jose Vidal in the fifth inning—for the win. Steve Hargan, giving up only six hits, was the loser.

At Williamsport, an eleventh inning single by Rich Herscher scored Bobby Sanders with the winning run in a 2-1 triumph.

## Lays Wreath For Miner In Cavein

HAZLETON, Pa. (AP) — A simple wreath of flowers fastened to a rough pine board was the Memorial Day tribute paid to Louis Bova, who lost his life in a cave-in last summer.

Mrs. Bova, relatives and members of the American Legion placed the wreath near the mine shaft from which Henry Throne, 29, and David Fellin, 59, were brought to safety in a dramatic rescue last August.

The miners were imprisoned some 300 feet down the shaft for two weeks. Bova's body was never recovered.

Also present at the ceremonies were Bova's three sisters, Mrs. Teresa Kreshitsky, Mrs. Katherine Nasuit and Miss Stella Bova, and Bova's father-in-law, John Kase. All are from Shenandoah.
